

Dear Member:

Trinity U.C.C. invites you to consider our new electronic giving program as a way to automate your regular semi-monthly, or monthly offering.

Electronic giving offers convenience for individual congregation members and provides much-needed donation consistency for our church. We anticipate that electronic giving will appeal to many church members---from longtime worshippers who will appreciate an alternative to frequent check writing to younger members and others who prefer to pay or donate by electronic means whenever possible.

Direct Debit Giving is used to automatically transfer funds from your Checking or savings account to the church's bank account. If you are already using direct debit to make mortgage and car payments or to pay utility bills, then you know how it works. An authorization form for giving by direct debit is available on the website.

Credit & Debit Card Giving lets you make offerings automatically on a pre-determined schedule using a credit or debit card. Today, many families use debit cards as a convenient alternative to checks or use credit cards in a responsible manner to manage a wide range of obligations. An authorization form for giving by debit or credit card is available on the website.

Trinity's start-up date is September. A Frequently asked questions document is available on the website to help answer any questions you might have.

Also, during the month of August, after worship questions may be answered in the church library.

As you contemplate your future contributions, please consider electronic giving.
